

*Newbuild inland / river going push barges for sale.*

*Built at Shipyard Vahali in Serbia, these barges (Europa type 2.5) are optimized to reduce fuel consumption, and therefore a government subsidy is available for Dutch buyers.*

*Further lengthening is possible.*

*All barges have an optional 5-year + options operating contract in the Netherlands, which helps attracting a finance.*

*The barges will be built under supervision of Lloyds' Register and NBKB.*
